

Budget In Brief
FY 2026 May 1, 2025 - April 30, 2026

CITY MANAGER BUDGET MESSAGE

I am pleased to present the City of Bloomington's budget for Fiscal Year 2026, a budget intentionally created to meet the priority needs identified by the community in conjunction with the City Council. It is a balanced plan that reflects an emphasis on investing in the City's infrastructure, delivering improvements in services our residents need and deserve. With over \$81M allocated for capital projects, this budget is strategically designed to address the infrastructure and quality of life needs that will allow our community to prosper and grow.

The FY2026 Budget totals \$317.9M. Adjusting for projects, strategic additions, and non-recurring items, the City's operating expenses have grown approximately 2.71% per year over the last ten years. City staff recognizes it has a responsibility to manage the public's funds appropriately for the benefit of the community and operates accordingly. Given this, the budget incorporates many initiatives put forward by the Council and the community including funding public safety pensions at 100%, paying cash for equipment in the General Fund (removal of dependence on borrowing), continued emphasis on streets / sidewalks and flood management related to sewer and storm water projects, and a strong focus on the Water distribution system upgrade and lead line replacement with nearly \$21.5M budgeted for that fund. In addition, to infrastructure, there are many improvements related to quality-of-life needs including a \$3.3M Sunnyside Park upgrade, executed in partnership with the Bloomington Normal Water Reclamation District (BNWRD). These initiatives represent the continued execution of the future vision set forth by the community.

On behalf of the City Council and Staff, we present this Budget in Brief. FY2026 will be an exciting year. Downtown will be transformed with the execution of Phase I of the Downtown Streetscape and the redevelopment of the historic State Farm building. The Water department will continue its generational systemwide improvement plan. And Public Safety will be more capable given its needs for full staffing being addressed. These are just a few examples of actions that address the needs of the community, and demonstrate that Council, Staff and Residents always find a way to come together - with the goal of Making Life Better!

Thank you,

Jeff Jurgens

City Manager

FORECASTING THE FUTURE

While every attempt is made to accurately project the City's finances and set aside appropriate levels of reserves, the City continually monitors both internal and external financial activities, with an emphasis on:

- Rising prices related to inflation and supply chain issues.
- State imposed unfunded mandates and regulations impacting local governments.
- Stability of the City's large employers.
- Escalating housing crisis and the impacts of a growing unhoused population.

These issues pose potential obstacles to the growth and prosperity of the City. However, through the unified efforts of the City's Council, Staff and Residents, courses of action will be determined that will keep the City on a solid path of success and fulfillment for its members.

THE BUDGET PROCESS

The City of Bloomington adopts its budget in accordance with Chapter 65 of the Illinois Compiled Statutes. The City's Fiscal Year runs from May 1-April 30. Formulation of the budget is a critical & difficult process that involves analyzing resident input & data, projecting available revenue sources, identifying priorities, allocating resources & expenditures, reviewing City performance data, negotiating & anticipating department budgets, & establishing the fees, charges, & taxes necessary to provide adequate levels of services to the residents of Bloomington. The budget process is continual year-round.

WHERE THE MONEY COMES FROM (Full Budget Revenues)

Revenues Combined by Source

THE GENERAL FUND OVERVIEW

The General Fund is the primary operating fund of the City. Included are police & fire protection, parks & recreation, legal, planning, economic development, general administration of the City, & any other activity for which a special fund has not been created. The water, solid waste, sewer, storm water, golf operations, Arena, & Abraham Lincoln parking funds are expected to be self-supporting, so the revenue from & expenses incurred by these funds are excluded from the General Fund. Revenues that exceed the cost of providing General Fund services are added to the General Fund Unreserved Fund Balance. This excess revenue can be used to finance future capital improvements & provides a reserve for emergencies.

General Fund Revenues by Type		
Taxes	\$ 107,006,686	78.12%
Licenses	\$ 700,500	0.51%
Permits	\$ 953,500	0.70%

UNDERSTANDING PROPERTY TAX

Property tax is based on the fair cash value of your home as identified by the Township Assessor. The Property Tax Code states that each property shall be assessed at 33.33% of fair cash value. The City of Bloomington's 2024 tax rate payable in 2025 is 0.90408. Therefore, City taxes collected in FY 2026 on a \$165,000 home total \$497.20 based on the adopted tax rate. The total amount of property taxes paid based on a \$165,000 home is \$4,458.95, as seen below:

Tax Rate Calendar 2024, Collected Calendar 2025 which is City of Bloomington FY 2026			
Taxing Body	Certified Tax Rate	Percentage	Amount Collected
District 87 (Unit 5 = 5.06696)	5.10000	62.90%	\$ 2,804.74
City of Bloomington	0.90408	11.15%	\$ 497.20
McLean County	0.88371	10.90%	\$ 485.99
Heartland Community College	0.58262	7.19%	\$ 320.41
Bloomington Library	0.27654	3.41%	\$ 152.08
B-N Water Reclamation District	0.15374	1.90%	\$ 84.55
Central Illinois Regional Airport	0.11197	1.38%	\$ 61.58
City of Bloomington Township	0.09529	1.18%	\$ 52.40
Total:	8.10795	100.00%	\$ 4,458.95

Infrastructure Projects Dashboard City of Bloomington, IL

The City created the **Infrastructure Projects Dashboard** as a resource to keep the public informed about ongoing infrastructure projects. This tool provides a graphical representation of the work being done and the funds being invested to improve the community. To use the dashboard:

- Click on a **project name** on the left side of the map to zoom into its location and view project details.
- If a project does not have a specific location, it will appear at the **managing department's office**.
- Click on any **highlighted roadway** to access project information.
- Use the **filters** on the far left to sort by fiscal year, project type, or funding source.

Project details—including timelines, scope, and other relevant information—may change as needed. To reset the dashboard, click the reset icon in the bottom right corner of the page.
